

Course title	Listening and Speaking Skills Development I				
Course code	FENG-102				
Course type	Required				
Level	Foundation				
Year / Semester	1 st Year / 1 st Semester				
Teacher's name	TBA				
ECTS	5	Lectures / week	3	Laboratories / week	0
Course purpose and objectives	This course serves as a key component of the English Language Foundation course, designed to equip students with the knowledge and skills necessary for them to follow and complete higher education programs in English. The main objectives of this course are to: 1. Develop students' conversational and discursive abilities; 2. Reinforce students' core listening skills; 3. Develop students' public speaking abilities; 4. Provide students with the necessary skills to interpret audio materials accurately				
Learning outcomes	By the end of this course, students should be able to: 1. Participate in conversations and discussions across a wide variety of themes with relative ease; 2. Articulate and present viewpoints and arguments clearly; 3. Coordinate closely with other learners; 4. Follow long samples of speech effectively;				
Prerequisites	B1 (CEFR) or IELTS 5.0		Required	N/A	
Course content	1. Core listening skills- skim, for details, to infer meaning; 2. Further listening techniques. 3. Everyday exchanges; 4. Register of speech; 5. Pronunciation; 6. Conversation in formal environments;				
Teaching methodology	The course will prioritize verbal communication and collaboration between learners under guidance and support. Students will have ample opportunity to develop their confidence and language skill. Language presented on this course will be directly applied through theme-based activities.
